

PFIZER DERMATOLOGY
patient access[™]

Welcome to the Pfizer Dermatology Patient Access[™] Program!

Your healthcare provider has sent your prescription(s) to Pfizer Dermatology Patient Access[™] (PDPA) to help you with your access to CIBINQO[™] (abrocitinib), LITFULO[™] (ritilecitinib), or EUCRISA[®] (crisaborole).

Connect with PDPA today to see how we may be able to help you.

1-833-956-DERM (1-833-956-3376)

Call to find out how you can get quick access to your case updates by enrolling in our text message program.

SCAN and save our contact information so you will be ready to answer when a PDPA rep calls you.

Pfizer is not accessing data on the user's phone.

Please see full [Prescribing Information](#), including **BOXED WARNING**, and [Medication Guide](#) for CIBINQO[™], and full [Prescribing Information](#), including **Boxed Warning**, and [Medication Guide](#) for LITFULO[™].

What You Can Expect When Enrolling in the PDPA Program

A Welcome Call –

A PDPA representative will walk you through the support and resources available to help you get started on your prescribed medication

Getting On Therapy –

Once your coverage has been determined and approved by your insurance plan, PDPA sends your prescription to a specialty pharmacy or the pharmacy of your choice

Confirm your:

- Insurance coverage
- Any missing information from when you enrolled in the program
- Pharmacy preference

Do You Have Questions?

- Call 1-833-956-DERM (1-833-956-3376) to talk with a live case manager
- Or visit www.PfizerDermatologyPatientAccess.com/patients for more information

Please see full [Prescribing Information](#), including **BOXED WARNING**, and [Medication Guide](#) for CIBINQO™, and full [Prescribing Information](#), including **Boxed Warning**, and [Medication Guide](#) for LITFULO™.
