

Starting Your Patients on LITFULO

Here are your prescription pathway choices:

PFIZER DERMATOLOGY
patient access[™]

SUBMIT a Prescription and Patient Enrollment Form for LITFULO to Pfizer Dermatology Patient Access[™] (PDPA), a program designed to provide support resources and help patients access their prescribed medication.

Through PDPA, your patients can receive personalized, live support, a review of their insurance coverage, and financial assistance resources.

Call **1-844-496-8707**, Monday – Friday, 8 AM – 8 PM ET, if you would like to speak with a PDPA Case Manager.

Specialty Pharmacy Providers

SEND the prescription to one of the Specialty Pharmacy Providers (SPPs) within the LITFULO Defined Distribution Network (DDN).

LITFULO is only available through these selected specialty pharmacies or, if applicable, through an eligible integrated delivery network (IDN) specialty pharmacy.

View a complete list of specialty pharmacies on the next page.

- Either pathway, a benefits verification will identify any coverage or plan-specific requirements
- If your patient has commercial insurance, they may be eligible for the Copay Savings Card. Learn more at [PfizerDermatologyPatientAccess.com](https://www.pfizer.com/dermatology/patient-access)

Please note that CIBINQO[™] (abrocitinib) is also available through PDPA and the specialty pharmacies in the DDN.

The Pfizer Field Reimbursement Manager (FRM) can support your patients enrolled in PDPA by assisting with access and reimbursement requirements. Call **1-844-496-8707** (Monday – Friday, 8 AM – 8 PM ET) or talk to your Pfizer Sales Representative to contact the Pfizer FRM in your area.
